

Luke Snaps and Kills Everybody

Luke [circa 5 ABY]: Well, the Empire's defeated. Now the galaxy is at peace!

Luke [circa 9 ABY]: Well, Thrawn has been defeated. Now the galaxy is at peace!

Luke [circa 10 ABY]: Well, the reborn Emperor has been defeated. Now the galaxy is at peace!

Luke [circa 24 ABY]: Well, the Thrawn imposter, Imperial Remnant, Kueller, the ghost of Exar Kun, Han's megalomaniacal cousin, Durga the Hutt, Desann, the cult of Marka Ragnos, Daala, Jerec, the Shadow Academy, dozens of separate Imperial warlords, Waru, and the Ssi Ruuk have all been defeated. Now the galaxy is finally at peace!

Yuuzhan Vong: 'Sup?

Luke: Oh, kriff.

Luke [circa 30 ABY]: Well, the Vong have been defeated. Now the galaxy is at peace!

Luke [circa 40 ABY]: Well, Jacen and the Galactic Alliance have been defeated. Now the galaxy is at peace!

Luke's ghost [circa 137 ABY]: You have got to be kriffing kidding me.

Cade: What?

Luke: Not only has the Empire conquered the galaxy again, but the Sith have returned. I mean, not only did I apparently keep fighting on behalf of the galaxy until the day I died, but they were so helpless that the moment I was gone everything collapsed. Great, just great. It's nice to know that my whole life's work amounted to less than nothing.

Luke returns to corporeal form.

Luke: Cade?

Cade: Yeah?

Luke uses the Force to simultaneously snap every bone in his descendant's body, turning the drug-addled quasi-Jedi into a puddle of goo.

Luke: Man, that felt good!

Krayt: Hey! You're not allowed to-

Luke grabs the sides of Darth Krayt's head and twists, snapping his vertebrae, then lets the Sith Lord's lifeless body slump to the ground.

Luke: Who else wants some?

Fel: I am Emperor Fel, and I shall defeat you in the name of my morally ambiguous monarchy!

Luke: Seriously? First Jacen turns Sith and tries to conquer the galaxy, but now Jaina's children are lording over the Empire? This is really messed up.

Luke punts the Emperor down an inexplicable bottomless pit.

Luke: Oh well. Now it's time to go to the past and right what once went wrong.

Luke pulls a car key out of his pocket. A DeLorean appears out of nowhere and Luke gets in.

Luke: Let's roll.

Roughly one hundred years earlier...

Admiral Ackbar enters a conference room filled with panicked New Republic officials.

Ackbar: Well, what's the crisis of the week this time?

Leia presses a button, activating a set of speakers built into the conference room table.

Luke: HAHAAAAAAAAAAAAHAHA! YOU GO BOOM REAL GOOD! HI MR FETT! DO YOU WANT TO PLAY TOO? HERE, LET ME INTRODUCE YOU TO MR LIGHTSABER! I THINK YOU TWO WILL GET ALONG REAL GOOD! HAHAAAAAAAAAAAAHA! YOUR HEAD CAME OFF! BOOM! HEADSHOT! BOOM! HEADSHOT! HAHAAAAAAAAAAAAHAHAHAHAHAHAHAHAHAHAHAHAHAHAHAHA-

Leia turns the speakers off.

Ackbar: What in the name of Duff McWhalen is going on?

Mon Mothma: Near as we can tell, Luke showed up and started killing everybody.

Leia: Including himself.

Ackbar: How is that even possible?

Leia: He found a way.

Mothma: He started talking about how Jacen was going to turn evil and try to take over the galaxy. So he killed him. Same for the Imperial leadership, some random people on Korriban, and the entire population of Nal Hutta, though that last one is probably just because he doesn't like Hutts.

Leia: Right now he's dealing with Mandalore.

Ackbar: So... he's delusional?

Leia: So it would seem. We reached that conclusion around the time he gutted fifty Mandalorian warriors and TPed Boba Fett's house with their entrails.

Ackbar: Can we stop him?

Mothma: I'm afraid not. His character shield is far too strong.

Ackbar: Then all we can do is wait.

Meanwhile, one thousand years in the future:

Stormtrooper #2: And that's how the galaxy achieved peace, which has lasted ever since.

Stormtrooper #1: Who are you talking to?

Stormtrooper #2: I don't know.

Stormtrooper #1: So, uh... What are we doing here, anyway?

Stormtrooper #2: Eating bagels, I think.

Stormtrooper #1: Bagels are good.

Stormtrooper #2: Yeah.

Stormtrooper #1: Yup.

Stormtrooper #2: Uh-huh.

Luke bursts in and decapitates the troopers.

Luke: BOOM! HEADSHOT!
