

This was a triumph
I'm making a note here
I'm the best
I'm still the Emperor
And Lord of the Sith
Galactic Empire
We do what we must
Because I'm evil
For the good of all of us
Except the cannon fodder
But there's no sense whining over every setback
You just build a new Death Star and keep coming back
And the conquest gets done
So you rebels better run
It won't be long before you're
Not alive

Yeah, I am real angry
I'm being so bitter right now
Because Vader betrayed me
And killed me
And saved his dumb kid
And threw my body into a chasm
As I fell it hurt because
Those two were still not quite dead
And these shattered planets
Make a beautiful line

A great reminder

Don't mess with me, all right?

So I'm glad I got spurned

Think of all the things I burned

And the people who are

Not alive

And believe me I am still alive

I'm building Death Stars and I'm still alive

I feel so evil and I'm still alive

And when you're dying I'll be still alive

And when you're a Force ghost I'll be still alive

Still alive

Still alive
